SYED UZAIR

COMPUTER SCIENTIST

PERSONAL PROFILE

I'm a self-motivated person primarily interested in learning new things. I always wanted and enjoy working with a team of professionals as it opens a new door to new learning. I did many projects related to Python\C++ including web development. I was the director of Management of the only Bussiness Society of NAMAL KNOWLEDGE CITY and Currently working as a President of the Media Society. In addition to this, I also worked as a Virtual Assistant at AMAZON where I handle tasks like product hunting, product launching\ranking, and account managing, etc.
